

Prepare for take-off: Test-bed your drone solutions at Aviation Two

Did you know that you can fly and test drones right here in Seletar Aerospace Park? Located on the 11th floor of Aviation Two, our indoor drone test-bed site provides the Unmanned Aerial Systems (UAS) community with an expansive area to test-bed their UAS in the heart of Seletar.

Operated in partnership with the Association of Aerospace Industries (AAIS), the 600sqm, 3.5m high space supports the development and commercialisation of UAS technologies in a safe and controlled zone. The shared facility also enables collaboration opportunities between members of the aerospace community.

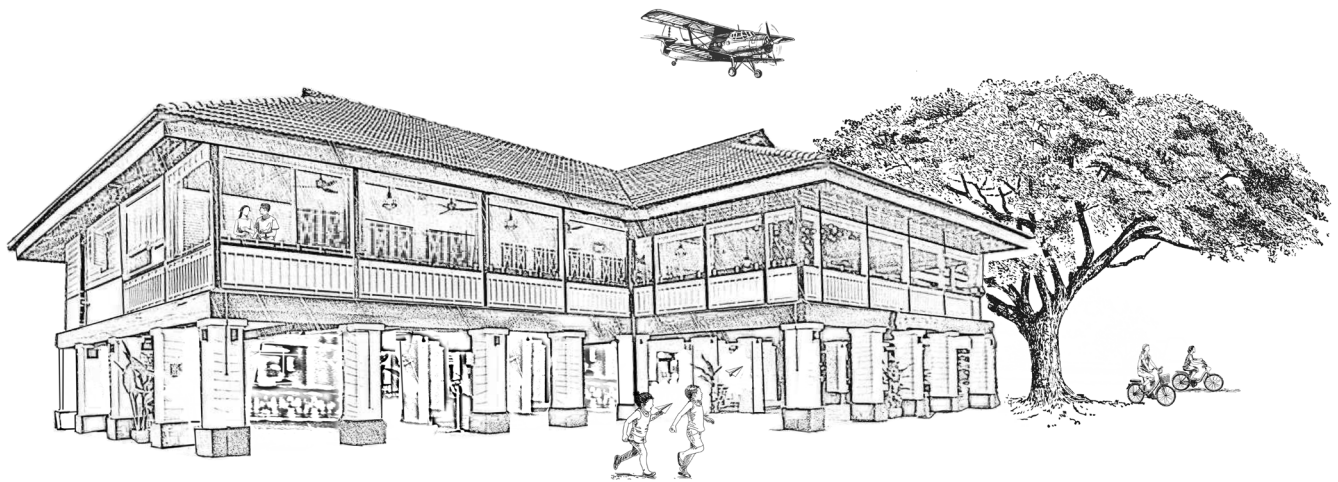

Take advantage of the UAS test-bedding space and use it to catalyse your growth in this rapidly growing aerospace segment.

Almost 100 years of aviation: Discover the history of Seletar Aerospace Park

For nearly a century, Seletar has been the centre of exciting aviation developments and breakthroughs in Singapore. Beginning with the country's first civilian and military airport, Seletar has evolved into the world-class aerospace hub you see today.

Unveiling the Seletar Aerospace Park Heritage Trail

Want to explore the rich and storied history of the estate? Check out the newly launched first phase of the Seletar Aerospace Park Heritage Trail! Stroll through The Oval and stop at the seven new information boards to read more about Seletar's colourful history, including its humble beginnings as a rubber plantation, its transformation to a military airbase and finally into Asia's leading aerospace hub! Head on down to The Oval and see if you can find all seven heritage boards!

See the sites in person on a guided tour

Dive even deeper into the history and significance of Seletar Aerospace Park with exciting half-day tours. Listen and learn as experienced guides from Xperience Singapore share deep insights about the park's history and significance. Walk through the different points of interest throughout the estate, including an exclusive visit inside a pre-war colonial bungalow, and an eye-opening stroll through an actual aircraft hangar. You can even experience getting treated like a VIP inside a business aviation lounge.

Bringing sunshine to clean energy: JTC's SolarRoof programme

Here's a clean and green initiative to be excited about: JTC has awarded a new solar vendor for the installation of photovoltaic (PV) panels on the rooftops of its buildings. Now, you can tap on our verified vendor to install solar PV panels on your own properties too!

Why solar?

- Play your part for the environment
- Meet sustainability goals
- Reduce costs through lower utility bills
- Earn income from renting out your rooftop space

JTC customers are eligible for preferential rates if their property meets the following conditions:

- 800sqm or more of continuous rooftop space
- 16 or more years of remaining lease

If you do not meet these requirements, you can still negotiate rates separately with the solar vendor.

Realising your green energy ambitions has never been easier. Get started today!

To find out more about installing solar panels or the rates you stand to enjoy, please contact your JTC representative.

Take home these delights: The Oval's latest promotions and takeaway options

5 by Sans Façon

Surprise your loved ones with these \$50 meal sets from @5bysansfacon: the "Pasta" set, the "Condiment" set, the "Cheese and Cold Cuts" set, or the "Not-a-Cheese-Fan" set which comes with duck rillette and gherkins!

Complete your day with a good meal! Treat yourself to a selection of scrumptious meals from @thesummerhousesg and @wildseed.

- Available on GrabFood, Foodpanda, Deliveroo and Oddle
- 10% off self-pickup orders

Sharing the Christmas spirit: Adopt-a-Wish Charity Drive

Christmas is the time for giving and sharing. Last Christmas was no different, as aerospace companies from SAP eagerly joined in the fourth edition of the Adopt-a-Wish Charity Drive, organised together with the Singapore Boys Brigade.

The community rallied together, contributing gifts for the elderly residents of Singapore Christian Home. A total of 110 items were gifted, including clothing, footwear, bags and accessories on the wish lists of the residents. We were happy to deliver the gifts on December 16, just in time for Christmas!

A big thank you to our aerospace community for the generous contributions and for continuing to support the Adopt-a-Wish programme. Your kindness and compassion have given the residents of the home the opportunity to experience the wonderful spirit of Christmas.

Have a bountiful Year of the Ox: Festive greetings from JTC

As is tradition over the Chinese New Year holidays, the JTC facilities management team visited tenants at Aviation One and Aviation Two on February 8, wishing them a prosperous year filled with good luck, fortune, joy, happiness and good health. They also hand-delivered juicy mandarin oranges and important messages on how to stay safe during the pandemic.

While festivities this year have been muted compared to normal times, we hope that all our customers had a joyous Chinese New Year and that we all continue to find ways to keep our spirits high.
